

Material List For Detachable Flat Pack Container House(Update Once Order Confirm)

1	5.53m Top long beams with L clip	2.3mm Thickness Hot rolled steel profile		2	48
2	2.70m Top short Side beams	2.3mm Thickness Hot rolled steel profile		2	48
3	5.53m Bottom long beams with connect pieces	2.3mm Thickness Hot rolled steel profile		2	48
4	2.20 Bottom short side beams with small connect bars	2.3mm Thickness Hot rolled steel profile		2	48
5	2.48m Stand column 210*150*55	2.3 mm Thickness Hot rolled steel profile three times		4	96
6	4.0mm corner fitting	Bottom Corner fitting 210*150*160mm (Steel plate laser cutting, bending and welding + galvanizing)		4	96
7		Top Corner fitting 210*150*200mm (Steel plate laser cutting, bending and welding + galvanizing)		4	96
8	Roof structure	Galvanized square tube 50*50*1.5mm, L=2.99m		3	7
9		Galvanized square tube 40*80*1.1mm, L=5.8m		1	7
10		Galvanized square tube 40*60*1.0mm, L=5.8m		2	7
11		Galvanized square tube 25*25*1.2mm, L=5.8m		2	7
10	Floor structure	Galvanized square tube 50*100*1.2mm, L=2.99m		9	21
11		Galvanized square tube 20*40*1.0mm, L=2.80m		2	21
14	50mm EPS Wall Panels (0.326mm steel sheets)	Wall panel: 2.555*1.15M		12	24
15		Window panel: 0.56*1.15M+0.9*1.15M		4	12

17	Door	Foamed steel door 820*2025mm		1	48
18	Window	UPVC double glazed window with arch max 1120*1100mm (to your package)		2	48
19	Roof steel sheet	0.45mm Steel sheet 508type		6	144
20	Ceiling	Plastic ceiling		6	144
21	Roof insulation	40mm Glass wool sandwich panels		1	24
22	Floor board	18mm fiber cement board		5	120
25	Φ32PVC water pipe	H=2.5m		4	96
23	Aluminum Trim 1	for covering gaps between ceilings & walls, L=2220mm		2	48
24	Aluminum Trim 1	for covering gaps between ceilings & walls, L=2790mm		2	48
25	Aluminum Trim 2	for covering gaps between walls at 4 corners, L=2520mm		6	144
28	Sealant	for coating screws & gaps on roof		2.5	60
29	Riv Taper	for roof schaft		1	24
30	Inner hexagonal bolt	To Connect column with fur side beams		60	216
31	M10*70 Bolt	To connect floor bars		19	4
32	M10*70 Bolt	To connect roof bars 60*40mm		8	4
33	M5*25 Self-Tapping Screw	To connect roof steel sheets, water pipe and 60*60 floor bars		150	
34	M5*50 Self-Tapping Screw	To connect 20*40 ceiling bars		20	
35	M5*75 Self-Tapping Screw	To connect roof beams wall panel, 40*60 roof bars		90	
36	M5*100 Self-Tapping Screw	To connect 40*80mm roof bars		10	
37	M4.2*75 Screw	To connect wall panels		40	
38	M4.2*38 Screw	To connect floor board		60	
39	M4*16 Screw	To connect ceiling steel sheet		200
